ARTICLE 4 DIRECTION

EXPLANATORY STATEMENT

(This note is not part of the Direction)

The effect of this direction is to require planning permission to be sought from the Local Planning Authority for a wide range of alterations to all properties in the Sudbury Court Conservation Area. Its aim is to ensure that in future all significant alterations to buildings are in keeping with the special architectural quality of the area.

A number of properties in the area, e.g. flats, do not enjoy certain "permitted development" rights in any case so that in this instance the direction does not present any extra requirements. Part I developments in this direction only apply therefore to houses in single family occupation thus bringing all properties in Sudbury Court into line so that a consistent design policy can be operated. By virtue of the Town and Country Planning General Development Order the enlargement of a dwelling house is already limited to 50 cu.m. or 10 per cent whichever is the greater, subject to a maximum of 115 cu.m. thus controlling the extent of single storey rear extensions.
