As part of their Development Plan Documents, the six West London Boroughs of Brent, Ealing, Harrow, Hillingdon, Hounslow and Richmond upon Thames have prepared a joint waste plan - the West London Waste Plan (WLWP). The WLWP was submitted to the Secretary of State on 30 July 2014 who then appointed Planning Inspector Mr Andrew Freeman BSc (Hons) DipTP DipEM FRTP FCIHT MIEnvSc to examine the Plan for its soundness and legality. The Inspector has now issued his report and, in accordance with Regulation 25 of the Town and Country Planning (Local Planning) (England) Regulations 2012 this notice is to notify that the Boroughs have published the Report. The Report is now available to view on the following website - www.wlwp.net and, in hard copy, at the libraries and offices detailed below.

Title of document:

Subject matter and area covered:
The WLWP sets out the vision, objectives, spatial strategy and polices for the sustainable management of all waste produced by the six Boroughs for the period up to 2031. It allocates existing waste sites and a further site for the development of additional waste management capacity. The area covered is the administrative areas of the London Boroughs of Brent, Ealing, Harrow, Hillingdon, Hounslow, Richmond upon Thames and, from 1 April 2015, the Old Oak and Park Royal Development Corporation.

The Inspector’s Report considers first whether the Plan’s preparation has complied with the duty to co-operate. It then considers whether the Plan is sound and whether it is compliant with the legal requirements. The National Planning Policy Framework states that, to be sound, a local plan should be positively prepared, justified, effective and consistent with national policy. The report concludes that the West London Waste Plan provides an appropriate basis for waste planning in the West London boroughs over the next 17 years providing a number of modifications are made to the Plan.

Further information may be obtained by contacting the Boroughs as detailed below.

Future notification:
Requests may be made to be notified at a specified address of the adoption of the WLWP
