

JUNIOR CARE IN ACTION

Saturday 16th January 2016

This is what we did at our meeting!!

ATTENDANCE

Five members of Junior Care in Action attended the meeting today, with two returning members and one new member. Welcome to our new member!

WELCOME & PROGRAMME

Stacey was the chair and welcomed everyone to the meeting. Stacey read through the programme so we all knew what we would be doing at the meeting.

JUNIOR CIA NEWSROUND

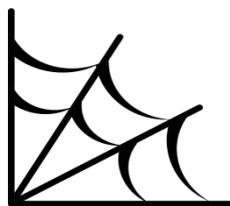

This activity is to give us a chance to say what we have been doing since we last met or to share something important with the rest of the group. Only two members wanted to share something today.

Kelechi- sitting down, watching TV and going to special places

Abdi - eating, sleeping, watching TV

ICEBREAKER GAME - 'THE QUESTION WEB'

To get to know each other a little better, we played an icebreaker game called 'The Question Web'. We had to stand in a circle and holding on to the end of the string, Natasha threw the ball of string to one of us in the circle. They then had to choose a question from 1-20 to answer. Holding the string, that person then threw it to another person in the group and so on. Eventually we created a web as well as learning some interesting things about each other! We all played a part in creating this unique web and if one person was not there it would look different. In the same way, its important that we all take part to make the group what it is, unique and special!

BRENT PLEDGE

Stacey asked us if we remembered about the Brent Pledge. Most of us could not remember what it was. The Pledge is a set of promises by Brent Council about how they will look after us and other children in care. We had eight questions to answer about the Brent Pledge so that we could think about how we can let other children know about it and how we can make sure the promises are being kept. The older Care in Action group have also been looking at this and Natasha will share our views.

FILM PROJECT IDEA

At our last meeting, we thought a little more about the film we want to make to help foster carers look after us and other children in care better. Today, we started to put together a story board about what we think should be in the film. We worked in two small groups and then shared our ideas with each other. Natasha will look for a person who can help us make the film.
